Dear Andy,

Subject: Draft Police and Crime Plan 2024-2029

Thank you for your letter dated 20 January 2025 and for the engagement of panel members on the draft Police and Crime Plan. I note the areas of observations and recommendations that panel members have made.

The Force daily snapshot is intended to give an insight into a day within the force it is by no means a performance metric. National performance measures and performance reports that are shared with panel members do provide comparisons of Force performance to discuss

I note the concerns raised by the panel members regarding Hate Crime and confirm this will be added into the plan to make it more explicit.

I welcome your continued scrutiny of progress against the Police and Crime Plan and the delivery of my priority areas.

Finally, I would like to thank you for the supportive comments that you have made, and I look forward to our working together positively over the coming months.

Yours sincerely

Philip Seccombe TD
Police and Crime Commissioner
